

## Home Delivery from Amazon Pharmacy

### A new way to save on medications

Amazon Pharmacy offers a home delivery service that lets you easily order and quickly get your non-specialty prescription medication<sup>1</sup> delivered at home.

And as a Florida Blue member, you get access to MedsYourWay™ prescription drug discount card pricing. The prescription discount card<sup>2</sup> gives you up to 80% savings<sup>3</sup> on brand and generic medicines and is seamlessly built into the Amazon Pharmacy experience. You can get the lowest cost available while saving time and money. Using the MedsYourWay discount card is not insurance; however, using it for covered medications<sup>4</sup> will also count toward your out-of-pocket maximum.

### SHOP Easy to use

Amazon Pharmacy makes ordering your medications easier because it's like shopping on Amazon:

- Easy sign up, which includes the option to have your account auto-populated with your prescription history.
- Option for 90+ day supply.
- Pharmacists on call 24/7.
- Ability to manage your medication and order history.

### SAVE Built-in drug discount card

Some drugs may be available at lower prices with a discount card. MedsYourWay discount pricing is built right into the Amazon Pharmacy experience.

- At check out, you'll see the lowest cost available for your medication. That's the price you'll pay.
- MedsYourWay discount card pricing is not insurance; however, all prescribed and covered purchases, whether paying a copay or using the discount card pricing, automatically count toward your annual out-of-pocket maximum.

### SHIP Convenient home delivery

Skip the pharmacy line with home delivery.

- Fast delivery: Amazon Prime members get 2-day no-cost shipping on most orders; standard no-cost shipping for non-Amazon Prime members is 5-day but can be expedited to 2-day delivery for an additional fee.
- Real-time package tracking from order to delivery.

To learn more about Amazon Pharmacy's home delivery services, call the number on the back of your member ID card and say, "Pharmacy."

Or log on to your Florida Blue Member Account and see the **Pharmacy section** under **My Plan**.

<sup>1</sup> Amazon Pharmacy does not dispense Schedule 2 controlled substance drugs.

<sup>2</sup> MedsYourWay prescription drug discount card, administered by Inside Rx LLC, is not insurance. You are responsible for the cost of prescription(s) when using the card. Limitations apply. The discount pricing card is automatically available to all members with no additional sign up needed. The card is electronic only, a physical card will not be mailed.

<sup>3</sup> Average savings based on usage and Inside Rx data as compared to cash prices; average savings are up to 80% for all generics and 37% for select brand medicines. Restrictions apply.

<sup>4</sup> If your medicine has an unfulfilled requirement, the cost may not count towards your (accumulator) out-of-pocket maximum. Typical requirements include prior authorization (PA) needed, quantity limit exceeded or step therapy needed.

Amazon Pharmacy is an independent company contracted to provide Pharmacy Home Delivery services for both Florida Blue and Florida Blue HMO. Health insurance is offered by Florida Blue. HMO coverage is offered by Florida Blue HMO, an affiliate of Florida Blue. These companies are Independent Licensees of the Blue Cross Blue Shield Association. 109130 0322
